

FOR IMMEDIATE RELEASE

**BMR Suspension Level 1 and 2 KONI Handling Packages for 2010-2015 Camaro  
KHP354, KHP355, KHP356, KHP357**

Improve overall handling in your 2010-2015 Camaro with a KONI Handling Package from BMR Suspension. These kits consist of a KONI Sport yellow shocks and struts (adjustable), BMR Lowering Springs (SP077), and BMR Sway Bar Kit (SB030, SB037, or SB039 depending on year). The KONI Handling Packages (KHP354, KHP355, KHP356, KHP357) lower the center of gravity, and dramatically decrease body roll to increase the cornering capabilities and stability of your 2010-2015 Camaro. The adjustable sway bars (Level 2 Packages) allow you to tune the under/oversteer characteristics of your Camaro. This allows you to achieve the perfect feel and balance for any performance-driving situation. BMR Suspension's KONI Handling Packages are available in red or black hammertone powdercoat finish for durability and good looks. Installation time is 5-7 hours. Proudly made in the U.S.A.
