

FOR IMMEDIATE RELEASE

## **BMR Suspension 2-Inch Lift Kit for 2021-2024 Broncos**

**LLK1861 - \$179.95**

Lift your 6<sup>th</sup> Gen Bronco and give it an aggressive stance with a lift kit from BMR Suspension! Adding a lift kit to your Bronco improves its ground clearance and off-roading capabilities. Designed from 0.25-inch steel, BMR's 2-Inch Lift Kit (LLK1861) lifts your Bronco by two inches in the front and rear, giving you a more aggressive stance on and off the road. The LLK1861 features a fully bolt-on design and grade 10.9 hardware, allowing you to install this kit with simple hand tools. This 2-inch lift kit also provides more ground clearance for your Bronco and gives room for bigger tires.

BMR Suspension has designed the LLK1861 to improve performance on the street and in off-roading applications. The LLK1861 is available in red or black hammertone powder coat for long lasting good looks, and installation time is about 2-3 hours. As with all other BMR Suspension products, the LLK1861 is proudly designed and made in the USA!
