

FOR IMMEDIATE RELEASE

BMR Suspension Rear Shock Mount Skid Plates for 2021-2024 Ford Broncos

SG1860 - \$79.95

Protect crucial suspension components on your 2021-2024 Bronco with a set of skid plates from BMR Suspension! During off-roading, your Bronco can encounter rocks and other debris that can potentially damage its underside. Manufactured from heavy-duty 0.1875-inch steel plate, BMR's Rear Shock Mount Skid Plates (SG1860) protect your Bronco's shocks and remote reservoirs from damage. BMR's SG1860 is a fully bolt-on design and features Grade 10.9 hardware for the ultimate in strength. For those looking for a budget-friendly way to protect their shocks during their off-roading adventures, BMR's SG1860 is the way to go.

BMR Suspension has designed the SG1860 for use on the street and in off-roading applications. BMR's SG1860 is available in red or black hammertone powder coat for long lasting good looks, and installation time takes less than an hour. As with all BMR Suspension products, the SG1860 is proudly designed and made in the USA!
