

FOR IMMEDIATE RELEASE

BMR Suspension Handling Lowering Springs for S650 Mustangs with Magneride

SPH765 - \$279.95

Increase cornering ability and improve the cosmetic appeal of your S650 Mustang with Handling Lowering Springs from BMR Suspension! Manufactured from chrome silicon high-tensile spring wire, BMR's Handling Lowering Springs (SPH765) are cold wound on a CNC coiling machine that can adjust the spring diameter in real time to ensure that every spring is exactly the same. BMR's SPH765 feature a 246 lb/in front and 980 lb/in rear linear spring rate to give you improved performance and appearance. These Handling Lowering Springs are designed specifically to work with S650 Mustang GTs equipped with Magneride and lower your vehicle for an aggressive look. BMR designed the SPH765 springs for street performance and hardcore applications. Like all BMR lowering springs, the SPH765 has a lifetime guarantee against spring sag. Available in red powder coat for long lasting good looks. Installation time is about 2-3 hours. Proudly designed and made in the USA!
