Improve steering geometry and add strength to your tie rods with a pair of Tie Rod Sleeves from BMR Suspension! Constructed from lightweight 6061 aluminum, BMR's Tie Rod Sleeves (TRS001) enhance steering precision while in performance situations or every day road use. BMR's Tie Rod Sleeves work to prevent any deflection in your vehicle's alignment and strengthen the steering components of your vehicle. BMR's Tie Rod Sleeves are designed for street performance, drag racing, and autocross applications. The TRS001 is available black anodized for long-lasting good looks. Installation time is 1-2 hours. Proudly made in the U.S.A.!
